

REMARKS

The previous page of this paper shows a copy of a portion of page 4 of the Examiner's Amendment including claim 8, with the words "said position from" deleted from line 9, and inserted at the end of line 8. Those words belong at the end of line 8, so as make claim 8 consistent with the prior version of claim 8, as amended in accordance with the agreement reached with Examiner Amini, on October 27, 2004.

The undersigned wishes to extend his thanks to Examiner Amini for the many courtesies extended to him during the telephone interview conducted today. The undersigned indicted that a paper of this kind would be submitted to correct what appears to be a minor error in the Examiner's Amendment.

Entry of this amendment under the provisions of Rule 312 is respectfully requested as it was only upon a careful review of the Examiner's Amendment that the minor error came to light. There is no intent to change the scope of any claim, but merely an intent to have the record reflect, and the patent printed with, the correct, agreed upon wording of claim 8.

Respectfully submitted,

David Aker
